NYSSA BANK GOES BROKE AND TAKES 'WORKERS' HOARD'

Big Oil Business Men Are Reported To Have Seized Up To Three Times Their Money Before Closing

NYSSA, Ore., Feb. 15.—The only bank in the town of Nyssa closed on Feb. 14. Many of the workers on the irrigation project which is under construction near here, have been looking up and down their pockets, and are being told by the employees of the bank that their money which was deposited there will not be returned to them. Previous reports that the bank failed due to a lack of funds prove to be wrong.

"Applesauce" In Los Angeles

VICTIMS OF RAID TO GO TO TRIAL

CITY SOLONS BECOME AS WITTY AS MARIE ANTOINETTE WHEN QUIZZED

London, Calif., Feb. 15.—Los Angeles has at least 80,000 'applesauce' names. Some days ago the plan of using the 100,000 unemployed men as striking force to get the workmen to protest against this persecution was put into effect. After performing this plan for a few days the 'applesauce' plan was adopted, and the workers now engage in this plan.

The Industrial Worker

Oh Scissor Bill!

By JEAN VALJEAN.

Why in the bread line to fight for your slum?

Why called "an old hobo"—a "frowsy old hum?"

Kicked in the gutter for not paying your rent;

Where are the garments of broadcloth and silk?

If from striking and fighting you were without sin?

Where is the joy they told you you'd wis...

The solution of the problem lies in the economic enfranchisement of the proletariat population.

As individuals they are helpless in the face of the organized power they confront. It is the organized power that has developed the machinery, the factories, the railroads, the oil wells, the mines. It is the organized power that has created the conditions of unemployment and poverty. It is the organized power that has created the conditions ofLuxú.

Sea faring conditions grow worse

FORT WORTH, Tex., Feb. 14 — The men who make their living by sea are living for the life they love. Anyone who has read anything about sea life knows that the life of a seaman is not an easy one. It is a life of hardship, hazard and toil. But these men continue to work and toil for the love of their profession. The sea is their home, and they are content to make their living as they have done for many years.
