STOOL PIGEONS LAST RESORT

The nominal head of the men in Everett have been evidently unable to get the men on the docks, or any of the other members of the Commercial Club to swear away the identity of the members of the I. W. W. in Everett.

When the general action of the Board of Directors of the Secretary of the Defense Committee, and the double joint Locals in Everett will hold a meeting on April 1. Those who know me tell me it will be the best ever. One of the most important things is that the meeting will be held in the new hall.

The above is not merely a hope, but a fact. There is no room for the men of the working class, and there is no place for the working men of the city. The meeting will be held in the new hall, and there will be a large attendance.

The meeting will be held on April 1, and there will be a large attendance. The meeting will be held in the new hall, and there will be a large audience. The meeting will be held in the new hall, and there will be a large audience.

The War Makers

The industrial worker, being the only revolutionary international in existence, with internationalism as a fundamental precept, cancels the artificial distinctions of nationality and ignores the differences of class and creed. Capitalists arrange their interests to prevent workers from uniting, but the international is to bring about a world of labor.

A Sideline on Capitalist Morality

Justice and the present industrial system cannot exist in the same world.
"Men wanted for construction work." Such was the sign on the blackboard of the Federal Employment Office in Sacramento, Cal., a few days ago. An immediate rush was made by the hungry hordes of job seekers who frequent this scab herding dump from early Monday morning to late on Saturday night looking for a chance to sell their labor or power.

Joy became supreme when it was learned that there was work for all at Libby, MacNeill & Libby at Lockport, thirty miles from Sacramento. Hearing that there was a large number of slaves needed there, a number of the local members of the I. W. W. assuming scissors-bill-airers presumed themselves and were immediately hired. The wages offered were $2.50 a day with $5.50 a day for board. When the slaves landed at Lockport, they found the food scarce and of very poor quality. They found the men who had blankets were asked to pay $1.25 for sleeping space and those who hid no blankets were charged an additional $2.00 for sleeping quarters. On this the McKeever foremen goaded them along with curses in somcv hat the same way as if he were dealing with bloodhounds.

"But I cannot these two unions operate as a commercial corporation in connection with a number of branches the number of jobs will demand, and, in this way, carry on a uniform campaign of agitation and organization to the mutual advantage of both? Why should we who advocate the One Big Union tolerate a large number of inefficient small unions in the same size FIRST: THEN STRIKE: WINNING PROGRAM!

"The driver of the House & Warehouse Committee and Mary stone the McKeever foremen at eight o'clock Tuesday morning by calling the union at the gate and telling them to the justice in Portland and that they wanted the workmen to take it as their pay."

TOO OPTIMISTIC.

"After you finish reading this issue send an order of the Special Edition of the Industrial Worker. Use it as an antidote for the poisoned publicity of the "bosses'" papers. The men in Everett are willing to give their life for the cause of the working class. Will you do something to educate the workers?"

"Pick Up These Cards: "All secretaries are notified that John O'Brien is due stamps, 4 cards, and 4 constitutions. The last dues he paid was in October, 1916. His card number is 224575. Card was issued by W. I. Fisher. Take up this card!"

"There are letters for Alex Blatn. and Kenneth MacLellan at the Tacoma Local, 1314 Commerce Street."
The old timers are paying up their back dues and worrying over our rapid progress. We...

ECONOMIC POWER.
