SPONTANEOUS WALK-OUT OF FISHER BODY WORKERS
WITH THE TRADE UNIONS.

BY CLAUDE ERWIN.

FLINT, July 12.—(Flint Journal.)—Those who have been engaged in successful organization work in the automobile industry in Flint, have strong reason to be highly elated with the spontaneous walk-out of the Fisher Body Works Workers of Flint on July 10.

The walk-out was the result of a spontaneous strike. It was not called by the union, but was the result of the workers' own action after the landing off process started. The workers have been on strike since last Thursday, and have made many demands. The company has refused to meet any of them.

The walk-out was called when the company refused to meet the demands of the workers. The workers have been on strike for several days, and have made many demands. The company has refused to meet any of them.

The workers have made many demands, including a raise in wages, better working conditions, and shorter hours. The company has refused to meet any of them.

WAGES 'JIPPED' DOWN TO NORMAL IN COPPER BELT

Carportsers Who Cut 2% in Hourly Rates

HOPIEPACKER, Wis.—The 2% cut in hourly rates for the 40,000 workers employed by the Studebaker Corporation, costs the company $280,000 a week, according to the company's president. The cut is expected to save the company $1.5 million a year.

SEATTLE, July 7.—A slight reduction in wages was announced here today by the Boeing Airplane Company, which is expected to save the company $1.5 million a year. The reduction is expected to save the company $1.5 million a year. The company's president stated that the cut would save the company $1.5 million a year.

FREIGHT RATES

Gates, skipper for the Manhattan Line, on the square July 7, said he had lost his job due to a reduction in freight rates.

This man was one of the ablest Marxists living today. But aside from his proletarian views, Langerock is also an economic statistician. His work on Graft and Civic Rights is well known. "Graft and Civic Rights" will run in a series of instalments in the Industrial Worker.

GRAFT AND CIVIC RIGHTS

The two main propositions of the book are that the right of a person to vote is the right of a person to be represented by a person who is not a member of the political party that he votes for. The second proposition is that the right of a person to vote is the right of a person to be represented by a person who is not a member of the political party that he votes for.

PRIVATE GRAFT

Graft is not limited to public service. It is also found in private firms. Between public officials and private individuals, there are many instances where public officials may be influenced by graft. This is particularly true in cases where the public official is in a position of trust and confidence.

The Graft of the Labor Leader

Many years ago, an American labor leader,第一家, was appointed by the President of the United States to be the labor leader of the country. The labor leader had not the same opportunities to influence public opinion as the President of the United States.
