Sikh Warriors Join Revolt of Mahatma Gandhi

With Darbhanga, Center of Textile Mills, Under Martial Law, Central Sikh LeagueResolved To Support Move For Independence.

ABERDEEN, May 15—The Central Sikh League has joined the movement against the British Government, it was reported here today.

The League, under martial law, vowed to support the movement for independence.

The move comes in the wake of the nationwide strike called by the Nehru-led Congress Party.

The League's action is a response to the tightening of government attitude every day.

The current issue prints figures purporting to show the current number of persons employed in American railroads during the first two months of 1980. The figures dropped to 1,688,000. In the same period of 1920, the number was 4,400,000.

The lumber industry, which is the chief ore for this district, is shown to be in good swing, and the program of the West Coast Lumberman stated just what had been achieved.

What counts is when the men quit work, regardless of wages or conditions.
On April 30 the Ohio state prison caught fire which resulted in the death of 322 men, not counting the many who were in the hospital or suffering from various ailments. The fire was of the most disastrous character and is believed to have been caused by the negligence of a guard. The prisoners were cut off from the outside world and the fire started in a ward where there were many old men and women. The fire burned fiercely and caused great damage to the prison buildings. There were many injured prisoners and some died from the effects of the fire. The prison was on a hillside and the fire spread quickly, making it difficult for the authorities to control. The cause of the fire is still under investigation and it is hoped that the responsible party will be brought to justice.

THE CONDITIONS ARE SIMPLECT

The conditions in the prison are abysmal. The living conditions are terrible for the prisoners. The food is inadequate and the cells are overcrowded. The guards are brutal and the prisoners are subjected to constant harassment. The medical facilities are inadequate and the prisoners are often left to suffer from their illnesses. The authorities are slow to respond to the desperate situations.

If you wish to know more, the publication "The Industrial Worker" will be sent to you immediately after November 1st and the winner's name to be published in the "Industrial Worker".

If you do not wish to subscribe, the publication will be paid for at a rate of 10 cents per month or 60 cents per year.
MINERS TURN TO THE I. W. W. FOR REAL UNIONISM

"Life Cannot be Called a Living: On theicking the Boundary of the Power of the State," the I. W. W. Bullet, May 19, 1919

Dear Sutherland,

I am writing this letter to express my disappointment and concern regarding the recent developments in the mining field. As you may be aware, we have been facing significant challenges in securing fair treatment and reasonable working conditions for miners. It is crucial that we stand united and utilize the resources and support of the International Workers of the World to fight for our rights and improve our living conditions.

Sincerely,
[Your Name]

Craft Strike Loses Among United Bosses

Let us not forget the importance of solidarity and collective action. Together, we can make a difference.

Tom Mooney Exposes Sutherland

Ms. Sutherland,

You should be ashamed of yourself for attempting to justify your actions. Your fabricated stories and false accusations are a travesty of justice. The truth will prevail, and we will hold you accountable for your actions.

Yours sincerely,
[Your Name]

Treastrous War Certified ...

Mr. [Name],

It is with great concern that I note the ongoing war and its impact on innocent civilians. The I. W. W. stands firmly against war and advocates for peace. We hope that a solution can be reached that respects the rights and dignity of all people.

Yours sincerely,
[Your Name]

Craft Strike Loses Among United Bosses

Dear Mr. Sutherland,

I am writing to express my concern regarding your recent actions. Your attempts to divide and conquer among the workers is unacceptable. We must stand together to secure our rights.

Sincerely,
[Your Name]

Tom Mooney Exposes Sutherland

Dear Ms. Sutherland,

Your reprehensible behavior is unacceptable. We will not tolerate such actions. We will continue to fight for our rights and justice.

Yours sincerely,
[Your Name]
One Big Union of Capital

A Review of the Trend Toward Consolidation of Economic Power—Two Hands in America

The industrial corporation is the development of a process of evolution which has been going on in many fields for many years. It is not a new phenomenon, but it is one that is gaining in importance. The concentration of capital in large corporations is a result of the same process that has led to the consolidation of railroads and the formation of trusts. The tendency is general.
