8,000 MINERS STRIKE AS C. F. L. GUNMEN START REIGN OF TERROR

COLORADO MINES COMPLETELY TIED UP AS I. W. W. AND SYMPATHIZERS OUT

This is What the Mine Owners See in Colorado

All Laws Cast to the Winds by Gunmen and Authorities who Riot and Terrorize Communities

By Byron Killo

PUEBLO, Colo.—The C. F. L. gunmen, working in full cooperation with the municipal and local authorities, have started a reign of terror in Colorado, and the mine owners of the state, under the leadership of their new-appointed chief of police, are doing everything in their power to carry on the operations of the mines.

LATEST DEVELOPMENTS IN COLORADO MINERS' STRIKE

U. M. W.'s at Austin go against officials and vote to the men to go out with the I. W. W., adding two thousand more miners to the walkout in Southern Colorado; total now on strike 33,000.

A committee from the Black Diamond mine came to the I. W. W. meeting at Eriee, in the Nothern fields, and asked to sign the strike order with the I. W. W. Needing to say, they were accepted.

Women and children ask permission to go on picket line. Between 50 and 60 pickets, including twenty women, report they have not heard from the strike zone for three days. What has happened?

The officials of the District No. 15, U. M. W., have stated their position very clearly before the calling of the strike. They denied any violence against women and children.

The L. W. W.'s at Aguilar go against officials and vote to the men to go out with the I. W. W., adding two thousand more miners to the walkout.

Statement of C. F. L. superintendent at Walsenburg wires Governor:

"We are licked if you do not send troops." Governor again refuses to use troops.

Big mass meeting held at Eriee. Speakers Embree, Clemmons of Lafayette, State of Colorado, Herrojon of Frederick, Kitto, Mathews of Lafayette and others representing all miners of Northern Colorado.

At TRINIDAD. Roger Frohman and 16 fellow workers were arrested for "violating the picketing law."

At LAFAYETTE. Mass meeting at Ball Park. A. S. Embree, speaker.

Kitts wired tromically from Pueblo: "Leaving for Walsenburg; if you don't hear from me for a period of over two days you may know I have been arrested or something of the kind."

As we go to press Tuesday morning at 6 o'clock we have heard from the strike zone for three days. What has happened to Kitts?

U. M. W. DENIES PRESS REPORTS

Statement of C. F. L. Eggers, president of District No. 13, U. M. W., and other officials of the United Mine Workers of America, who have just returned from Southern Colorado, state that they have not heard from the strike zone for three days.

The men were working at the mine, they say, and the only reason they are not hearing from the men is because of the strike. The men are working under the dictation of the strike leaders.

VIGOROUS DEFENSE IS ARRANGED FOR
CHESWICK VICTIMS

NEW YORK—(77)—Vigorous defense
for the victims of the recent attack on the
Cheswick in Plymouth, Ohio, is being
arranged by the alert workers of that
district. The attack was instigated by
some of the town's employers and resulted
in several injuries.

The workers were advised to
continue with their defense as
long as possible and to
report any incidents to
the local authorities.

Advantages of the Six Hour Day

The six hour day is a revolution in
the world of work, having
transformed the face of
industry and brought
about a new era in the
lives of workers.

This day began on October 1, 1919,
when the six hour day was
introduced in the United
States. Since then, it has
been adopted by many
organizations and
unions around the world.

The six hour day has
improved the lives of
workers in several ways:

1. Increased productivity: Workers
are able to work more
efficiently in a shorter
day, reducing the risk of
fatigue and improving
their output.

2. Improved health: With less
work hours, workers can
spend more time on
leisure and recreation,
which is beneficial for
their physical and mental
health.

3. Better work-life balance:
The shorter workday allows
workers to spend more
time with their family
and engage in other
activities.

4. Increased job satisfaction:
Workers are happier when
they have a better work-life
balance, which can lead to
higher job satisfaction.

5. Reduced stress: The
shorter workday reduces
the stress levels of
workers, leading to a
more positive work
environment.

The six hour day has
transformed the world of
work, providing
workers with a
better quality of life.
